December 12, 2012

Dear Contest Participant-

It is my pleasure to mail your certificate for the 2011 ARRL 10 Meter Contest; congratulations on your accomplishment!

I must apologize for these certificates being late. With the new design, I had problems with the layout of all the data on the certificate. I hope the new look was worth the delay to you.

The 2011 ARRL 10 Meter Contest will stand as the largest ARRL contest in memory. The combination of exceptional propagation, combined with amateurs worldwide wanting a good 10 meter opening, came together for the 2011 ARRL 10 Meter Contest. Over 5,300 logs were received, the highest amount of participation for any one ARRL contest in the League's history.

Sadly, conditions were not as good this year as 2011. Things picked up on Sunday, with a long path opening to Asia being reported!

2013 should be a great year for contesting; we're still atop a solar maximum (however minimum the maximum may be) and more amateurs are interested in radiosport. Enjoy while you can!

Don't forget that you can find a wealth of information about ARRL contests on our web site, [www.arrl.org/contests](http://www.arrl.org/contests).

Congratulations again on your certificate!

73,

Sean Kutzko KX9X  
ARRL Contest Branch Manager
